PRACTICUM OF TRANSLATION

Mid-term Test

This is an open-booked test

Part A

Read Robinson's *Becoming A Translator*, and then discuss, especially *the introduction*, with your group members.

Part B

Choose one of the textbooks closely related to educational sciences written in English, and then complete the following table.

Title of the Book	Author	Reason

This is your classmates' choice that can be of an example.

Title of the Book	Author	Reason
<i>Mindfulness for Teachers. Simple Skills for Peace and Productivity in the Classroom</i>	Patricia A. Jennings	The reason we chose this book is firstly because we examine the title of the book. It means this book is intended for Teachers, so it is suitable for us as prospective teachers. Secondly, this book contains very good contents, especially for educators and prospective educators. In this book, it is explained about the importance of a mindfulness and feelings or emotions within yourself to enter a classroom at school. Thus, when we later translate this book, we can also learn the contents of this book.
